Conditions

Radar Under Pty Ltd (RA) requires clear access to the work area and expects all work available in one mobilization unless otherwise specified.

It is the customer's responsibility to prepare the site for scanning, including clearly identifying areas to be scanned, securing access to all areas required for scanning, and keeping these areas clean and free of obstructions. Delays caused by customer's failure to do so may result in an increased price.

Clear and free of obstructions means no obstructions (equipment, supplies, tall grass, shrubbery, rocks, rubble etc.) in the target areas to be scanned. Surface must be free of obstructions to allow the antenna to roll freely. Proposal is based on scanning the immediate area described, additional scanning may affect price. RA may assess an hourly fee for down time occurring at no fault of its own.

Any generated reports will be based on RA's interpretation of the data collected and are provided solely for illustration and instructional purposes. Reports are provided only if itemized as a deliverable in this quote.

GPR scanning cannot be performed in areas with standing water.

GPR scanning of soils cannot be performed during or immediately after rainfalls.

Although RA uses only state-of-the-art GPR scanning equipment and techniques, and provides ongoing GPR training for its operators, locates are only as accurate as the information imaged by the radar, i.e., GPR scanning does not see everything all the time. Every effort is made to minimize missed targets by collecting and assessing all available information relative to the job site, including layout and configuration of the area to be scanned, existing drawings, historical knowledge of personnel, and prior experience with similar sites.

The decision to proceed with drilling, excavation or any destructive methods is left entirely up to the customer.

RA will not accept liability for an inaccurate interpretation or any other reason, and customer agrees to release and indemnify RA and its owners and agents from all losses and damages from all alleged negligence and/or contract claims by customer or any third party. These terms and conditions supersede any other previous terms and conditions either oral or written.

All materials and goods supplied by The Company shall remain in the property of The Company until the full invoice has been paid by the customer.
